

Pro Series Top-Mount

Top-Mount Sand Filters

Hayward Pro Series high-rate sand filters offer the very latest in pool filter technology with smooth, efficient flow and totally balanced backwashing.

Pro Series sand filters feature unitised construction of corrosion-proof, polymeric material and self-cleaning 360° slotted laterals. A versatile seven-position control valve offers both easy operation and maximum efficiency.

For crystal clear, sparkling water with minimum care, Pro Series filters set a new standard for performance, value and dependability.

Integral Top Diffuser

ensures even distribution of water over the top of the sand media bed. Full-size internal piping gives smooth, free-flowing performance.

Efficient, Multilateral Underdrain Assembly

with precision-engineered, self-cleaning 360° slotted laterals give totally balanced flow and backwashing.

Integral Moulded Drain Plug for easy draining of tank, without the loss of sand.

**Flange Clamp Design**

allows 360° rotation of valve to simplify plumbing.

Unitised, Corrosion-Proof Filter Tank

moulded of tough, durable, colourfast polymeric material for dependable, all-weather performance with only minimal care.

Totally Corrosion-Proof Base

is rugged and attractively styled to provide strong, stable support.

Pro Series Top Mount Features & Benefits

- Flange Clamp Design allows 360° rotation of valve to simplify plumbing.
- Integral Top Diffuser assures even distribution of water over the top of the sand media bed. Full-size internal piping gives smooth, free flowing performance.
- Unitised, Corrosion-Proof Filter Tank moulded of tough, durable, colourfast polymeric material for dependable, all-weather performance with only minimal care.
- Efficient, Multi-Lateral Underdrain Assembly with precision engineered, self-cleaning 360° slotted laterals gives totally balanced flow and backwashing.
- Integral Moulded Drain Plug for easy draining of tank, without the loss of sand.
- Totally Corrosion-Proof Base is rugged & attractively styled to provide strong, stable support.

Vari-Flo™ 7-Position Control Valve with easy-to-use lever-action handle lets you “dial” any of seven valve/filter functions.
